

energy efficiency

for your home or business

The award-winning Ameren Illinois ActOnEnergy® Program is ready to help you save — at your home or at your business. Discover the financial incentives available to help you reduce your energy costs and become more energy efficient.

FOR MY HOME

Take advantage of financial incentives, discounts and rebates — all designed to help you enjoy a more comfortable, energy-efficient lifestyle. These programs for your home will help you to reduce your energy use – and your costs – with incentives for everything from lighting to appliance recycling to new construction.

- Lighting
- Heating & Cooling
- Appliance Recycling
- Home Efficiency Program
- ENERGY STAR® New Homes
- Multifamily

FOR MY BUSINESS

Take advantage of a variety of cash incentives and resources to encourage your business or organization to invest in smart energy solutions. From lighting to HVAC to motor management – these programs will help your facility cut project costs, reduce its energy use and boost the bottom line.

- Lighting
- Heating, Cooling & Ventilation (HVAC)
- Specialty Equipment
- Motor Management (VFDs)
- Process Steam
- New Construction
- Retro Commissioning
- Leak Survey & Repair
- Custom & Feasibility Study
- Metering & Monitoring
