

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**Monitoring Requirements Not Met for Village of Roanoke Public Water Supply**

Our water system violated several drinking water standards over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 01/01/2025-06/30/2025 we did not properly collect all the samples for lead and copper and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for lead and copper, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

Contaminant	Required sampling frequency	Number of samples taken	When all samples should have been taken	When samples were or will be taken
Lead and Copper	Every 6 months	11 of 20	01/01/2025-06/30/2025	08/19/2025

What happened? What is being done?

Samples were not properly received by Pace Analytical Services during the mandatory time frame. The samples taken on 08/19/2025 and on 02/09/2026 have passed. All future tests and sampling will be performed properly and during the allotted time.

For more information, please contact Jeff Tibbs at (309)210-5455 or publicworks@roanokeil.org.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by the Village of Roanoke.
